

GUNS R US

Background: Guns R Us firearm shop is a regional favorite for the outdoor, hunting, and gun enthusiast.

With 10 locations (and an FFL for each location), they are the place to go for everything outdoors! They host gunsmiths and custom performance shops, sponsor shooting events, and even pick up the trash on the highway they sponsor.

Their pro-shop houses the largest selection of firearms from many manufactures and are always running aggressive specials both inhouse and online. They don't particularly want to do transfers for customers, that isn't their core business, but for \$75 they will.

Try it for yourself and see how much you can save! [FFLVault.com/savings](https://fflvault.com/savings)
